COMPOST & Garden Waste

Pick-up will be October 6th & 20th

Compost will be picked up in the back alley, it should be in a 17-gallon plastic or metal can. Grass clippings must still be in an open container that can be easily dumped. If you do not have back alley access, compost may be placed on the front street. **NOVEMBER 3rd is the LAST pick up of the year, Weather Permitting!**

Garden waste will be collected during compost pickup without any need to package the garden waste. The Town will collect garden waste provided it is in a convenient area in the back alley. This service is only for garden waste.
